PERSONAL PROJECTS

Grow-Nation Frontend Website (04/2024 - 06/2024)

- ▣ Developed a responsive education platform where users can register, log in, and access a variety of development courses. The site includes features for adding courses, each with associated videos, enabling users to learn new technologies effectively.
- ▣ Created a dedicated section for teacher profiles to provide insights into course instructors. Implemented a user-friendly hamburger menu for easy navigation to Home, About, Courses, Teacher, and Contact Us sections, ensuring seamless usability across devices.

WebAppForuniversity Students (01/2023 - 05/2023)

- ▣ Developed a user-friendly web application catering to university students, combining a canteen ordering system with an attendance tracking feature.
- ▣ Streamlined access to canteen services and facilitated efficient attendance management, enhancing convenience and organization for the student community

Sports Academy : (10/2021 - 11/2021)

- ▣ Create SQL database using postgreSQL software which is similar to Real Sports Academy.
- ▣ Along with Technical work we are supposed to do Documentation for sports Academy.

FoodShades Website (03/2021 - 04/2021)

- ▣ I Made a Website(fully responsive). Users can save the details by using sign-in and sign-up options, selecting the food, and adding to the cart.
- ▣ The cart shows the total bill and places the order button. Database to store in formation about user.
- ▣ Feature Where Premium User have given High Priority for servicing . We have made Three subscription for that 1. Gold 2. Silver 3. Platinum

CERTIFICATES

Awarded Best Performance Certificate in Programming Contest by Tops Technology in Back-end Python course (02/2024 - Present)

TOPS Technologies

ACHIEVEMENTS

- Secured 6154th rank in JEE Mains 2019
- 4star rating in hackerrank (problem solving)
